

# NORTHERN LIGHTS ORNAMENT

A Design by Linda Lachance, of Northern Pine Designs, for Caron Collection

©2010, Northern Pine Designs.

Supplies: 18 count mono canvas, antique (dark) blue 5" x 5"

Snow - 00 White

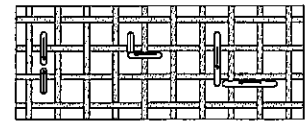

Rachel - B24 Plum

Rachel - B32 Emerald

Design Size: 60 x 60 stitches

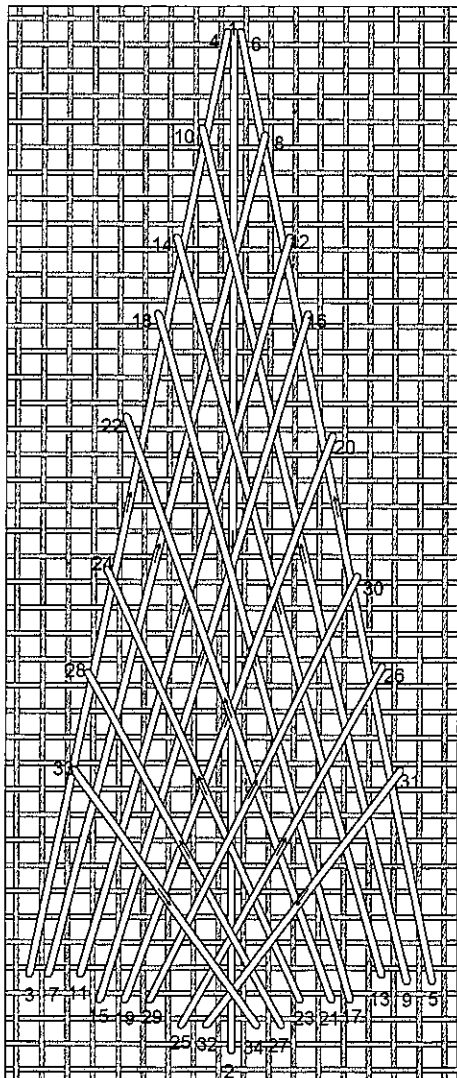

3.3 x 3.3 inches - allow extra for finishing and framing

Stitch the three trees following the stitch diagrams below, and positioning them according to the master graph, using White Snow. Use a fairly long length - 36". To anchor thread to start, do a small pin stitch underneath where the first stitch will go. (Use the first variation with 2 vertical stitches)

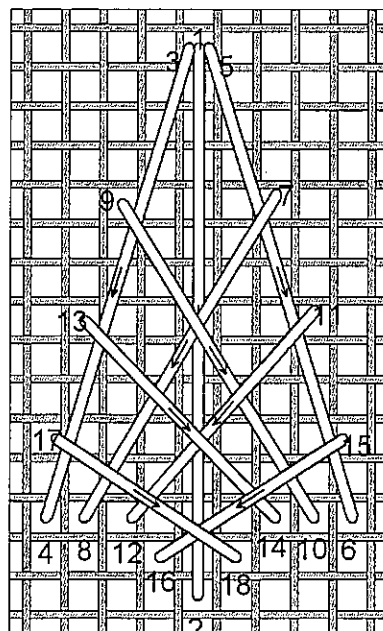

Pin Stitch Variations

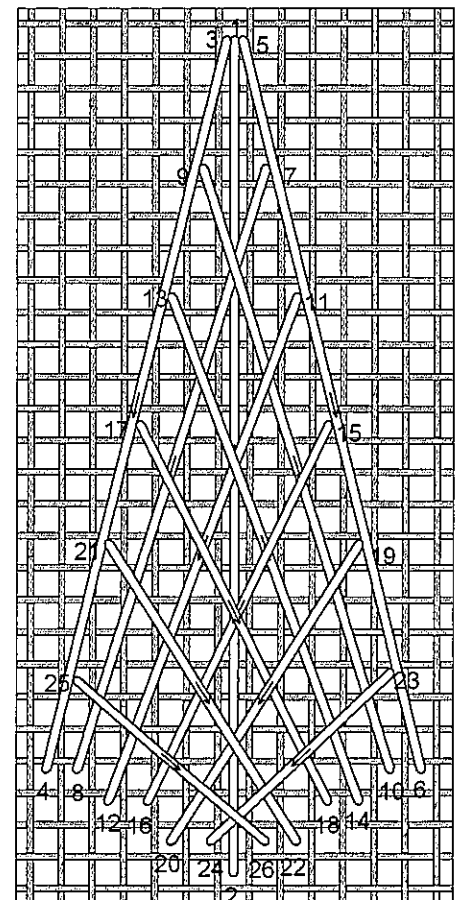

Use the Rachel B24 Plum to stitch the top row of the northern lights. Be sure the thread lays flat and does not twist. Use Rachel B32 Green to stitch the second row of lights. The third row shown in the darkest line symbol can be either white or plum.

Left hand tree

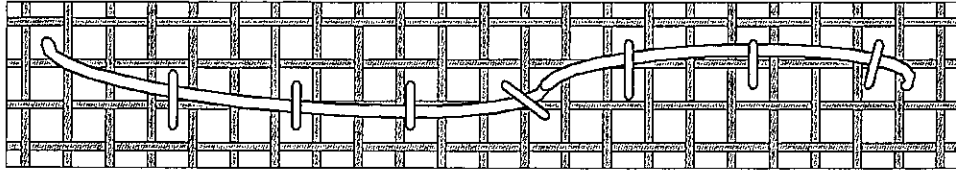

Center tree

Right hand tree

Couch the white lines of the Snow with a single strand of white sewing thread. Anchor the ends on the back with the sewing thread for added security.

Couching
